4 zone ceramic hob including 1 triple and 1 extended zone.

RRP AUS $249.00

Product Details

FEATURES

DirekTouch™ controls	Automax	3 level residual heat indication	Oko timer
Function Safety Lock	Extended Cooking Zones	Highlight zones	Minute Minder
Auto Heat-up Function	Stainless Steel Frame	Stop + Go: to reduce to warm setting if interrupted	

BENEFITS

Highlight zones
A variety of different sized zones, including one triple and one multipurpose zone.

Extended Cooking Zones
Extended cooking zones are larger areas of an element which can be activated when using larger pots and pans. The extended element offers a larger cooking area and additional heat for all your cooking needs.

Oko Timer
The Oko Timer is an intelligent way for you to use your resources more efficiently. When you pre-set the cooking time on the cooktop, the timer works out precisely when to switch off in order to finish cooking the dish using the cooktops residual heat.

Perfect Control
Gives you instant access to your cooktops and immediate control to select the precise level you need, all at the touch of a finger.

Stop + Go
The Stop+Go function gives you even greater control while cooking. When you suddenly need to interrupt your cooking, simply activate Stop+Go, and the function will switch all of the active zones to keep warm. When you are ready, touch the Stop+Go button again and all the zones return to their previous settings.

Specifications

PRODUCT PROFILE

Domestic warranty details (yrs)	5
Cooktop type	ceramic
Materials/Colour	black ceramic glass
Trim finish	stainless steel

DIMENSIONS

Total product width (mm)	576
